

Venemestari

Versatile boating magazine for a practical boat owner

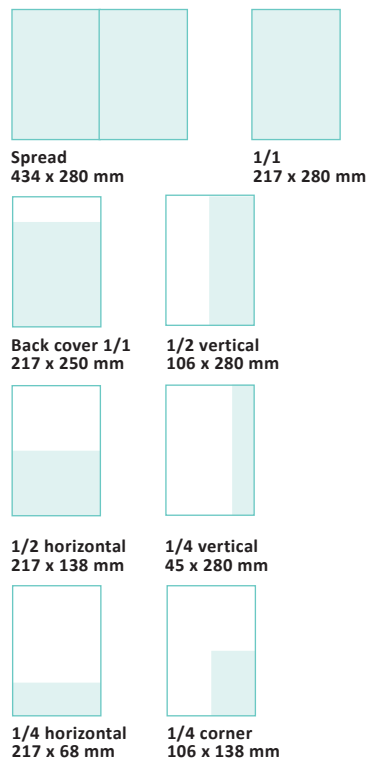

Venemestari is Finland's most versatile boating magazine. It is a practical magazine for active boat owners, reaching both motor boaters and sailors. Each issue features test-drive and test-sailing reports as well as presentations of new boats, engines and electronics. Venemestari's readers are interested in boat maintenance and repair. Therefore, every issue contains both do-it-yourself and how-to articles on how to maintain boats and their components. Venemestari is actively read both as a printed magazine and as a digital magazine on our website.
